RE: REQUEST FOR PROPOSALS
Western District of North Carolina - Catchment Area: Gaston County
SOLICITATION # 0419-2022-5c

Dear Director:

The United States Probation Office for the Western District of North Carolina is soliciting proposals to provide Sex Offender treatment services for male and female offenders, to include persons on probation, parole, or supervised release, who are under the supervision of the United States Probation Office. This group could also include inmates in the Federal Bureau of Prisons, who are residing in federal or contract community treatment centers, as well as offenders subject to Pretrial Services Supervision, who are also under the supervision of the United States Probation Office, Pretrial Services Division.

The procurement procedure will involve the use of blanket purchase agreements. Interested vendors must respond on time and clearly show that:

- You are able to provide **all** of the required services listed in Section B, or you will be considered technically unacceptable.
- All required services will be provided by qualified staff as defined for each service in the RFP, or as noted in the Locally Defined Services.
- Prices of such treatment shall be as low or lower than those charged the vendor's most favored customer for comparable quantities under similar terms and conditions.

The RFP contains the full text of all applicable Government regulations, and all offerors are subject to the provisions contained in the RFP. In responding to the RFP, you should answer fully each item and supply all information requested.

- Section L provides specific directions for potential vendors in completing their proposals.
- The minimum standards for the services listed are contained in the Clauses and Terms of Agreement
- All proposals will be evaluated by the criterion laid out in Section M.
- Proposals can be submitted electronically, by mail, or hand-delivered by the date and time specified, or they will not be considered for award. There will be no exceptions.
- Proposals will be awarded on the basis of initial offers submitted and should contain your organization's best terms from a cost and a technical standpoint. There will be no additional opportunity to modify your proposal. **Please read the RFP carefully**, and do not rely on knowledge of previous RFPs or knowledge of previous federal procurement procedures.
- Estimated monthly quantities in Section B of the RFP is an estimate of the services to be provided each month during the term of the agreement. **It is only an estimate.** A vendor must be capable of providing **all services identified in Section B**, and within the geographic area (a/k/a the catchment area) identified in Section B. **If you cannot provide all services being requested, you will be considered technically unacceptable and will not be considered for award.**
- **PLEASE SEE ATTACHED LIST OF SIGNIFICANT CHANGES TO TREATMENT CONTRACTING PROCEDURES.**

Although the Government may choose to enter into a Blanket Purchase Agreement with multiple vendors, the Government reserves the right to award to a single vendor. The term for this Blanket Purchase Agreement is twelve (12) months, with a provision that shall allow the Government to unilaterally extend the agreement for an additional two (2) years, at two twelve-month intervals at the Government's discretion. The vendor selected for this contract will start services on October 1, 2021, and if option years are extended, may go through September 30, 2024.

**ALL PROPOSALS TO BE DELIVERED AS OUTLINED BELOW,
AND RECEIVED NO LATER THAN: Wednesday, July 14, 2021 by
